Sunday

Rest. Preparing for Monday

Today we do (points per action)

No VS points today	—

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- MR slots can be done as usual: they have nothing to do with VS today

Stockpile: what, and for which day

- **Radar for Monday:** start stockpiling. Complete missions but **do not collect**
- Fighter parts and chips, stamina, hero EXP: stockpile for Monday
- Finished constructions and research («checkmarks»): hold until Tuesday and Wednesday if possible

Do not spend today

- Do not collect radar missions: we collect on Monday
- Fighter parts and chips, stamina, hero EXP

No VS points today. The day is for preparing for Monday.

Tomorrow: Monday, radar. The day changes at 05:00 MSK

Monday

Radar

Today we do (points per action)

Radar mission. Complete and collect right away all day	**26,250**
Fighter part	**5,200**
Stamina (some radar missions spend it)	**310**
Hero EXP (per 650)	**2**
Fighter combat chip	**8**
Gathering food and metal (per 10), oil (per 6); gathering from radar does not count	**6**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **05:00** hero upgrade: collect stockpiled radar, spend hero EXP
- **21:00** fighter upgrade: fighter parts and chips. Stamina spent by radar missions also goes into this MR task

Stockpile: what, and for which day

- **Radar for Wednesday:** start stockpiling on Tuesday, not today
- Construction speedups and finished constructions («checkmarks»): stockpile for Tuesday
- Send gathering squads 6–9 hours before the day changes so the points go to Monday

Do not spend today

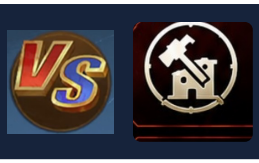

- Hero shards and tickets: until Thursday
- Research data and research speedups: until Wednesday
- Fighter component chests: until Wednesday

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Tuesday, construction. On Tuesday start stockpiling radar for Wednesday

Tuesday

Construction

Today we do (points per action)

UR truck	**220,000**
UR Special Ops mission	**144,000**
Survivor recruit	**3,200**
Construction power (per 10)	**275**
Construction speedup (per minute)	**137**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **05:00** construction: start long constructions, pour in speedups, collect finished ones
- **01:00** (night to Wednesday) construction: this slot still belongs to Tuesday

Stockpile: what, and for which day

- **Radar for Wednesday:** start stockpiling today. Complete missions, do not collect
- Fighter component chests (all you have), research data, research speedups: stockpile for Wednesday
- Keep finished research until Wednesday. It does not always work: until the old one is completed, a new one cannot start

Do not spend today

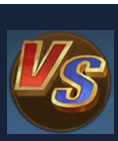

- Trucks and missions are not stockpiled: they appear every day. Pick UR. If not UR, upgrade to UR first and only then send
- Hero shards: until Thursday
- Research data, research speedups: until Wednesday

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Wednesday, science. Collect and complete radar all day

Wednesday

Science

Today we do (points per action)

Radar mission. Complete and collect right away all day	**26,250**
Research data	**640**
Research power (per 10)	**275**
Research speedup (per minute)	**137**
Fighter component chests (the higher the level, the more; from 2,310 for level 1)	**from 2,310**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **09:00** research: start research, pour in speedups, spend research data, open component chests

Stockpile: what, and for which day

- **Hero shards and tickets:** stockpile for Thursday
- Research speedups and finished «checkmarks» per profile: for Friday
- **Radar for Friday:** start stockpiling tomorrow, on Thursday

Do not spend today

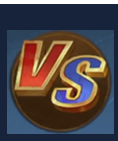

- Hero shards and tickets: until Thursday
- Training speedups: until Friday

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Thursday, heroes. On Thursday start stockpiling radar for Friday

Thursday

Heroes

Today we do (points per action)

UR hero shard	**21,000**
SSR hero shard	**7,200**
SR hero shard	**2,100**
Hero recruit	**4,000**
Skill book	**24**
Hero EXP (per 650)	**2**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **13:00** hero upgrade: spend shards, skill books and hero EXP

Stockpile: what, and for which day

- **Radar for Friday:** start stockpiling today. Complete missions, do not collect
- Construction, training and research speedups: stockpile for Friday
- Training «ladder»: train one tier lower all week, upgrade on Friday
- Keep finished constructions and research until Friday

Do not spend today

- Speedups for Friday
- First max out one main hero squad, then the next one

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Friday, preparation. Collect the stockpiled radar

Friday

Preparation

Today we do (points per action)

Radar mission. Collect the stockpile, then all day right away	**26,250**
Construction and research power (per 10)	**275**
Training, construction and research speedup (per minute)	**137**
Troop training (the higher the tier, the more points)	**by tier**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **13:00** construction: collect finished constructions
- **17:00** training: start training and training speedups
- **21:00** research: research speedups. All three slots give VS points

Stockpile: what, and for which day

- **Healing speedups:** stockpile for Saturday
- **Shields and teleports:** stockpile all week
- The Saturday raid is at 5:00 MSK: the shield must be up before that

Do not spend today

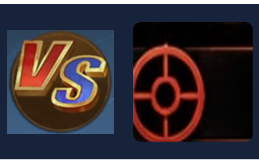

- Healing speedups: until Saturday
- Shields and teleports: save for Saturday

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Saturday, enemy assault. Raid at 5:00 MSK

Saturday

Enemy assault

Today we do (points per action)

UR truck	**220,000**
UR Special Ops mission	**144,000**
Healing, training, research, construction speedup (per minute)	**137**
Killing a soldier of the matched opponent (5 times the normal)	**5×**

Points are shown with the «Alliance Roster (VS)» research branch fully upgraded.

Pair with Mission Readiness (MSK)

- **09:00** construction, **13:00** training, **17:00** research: pour speedups into these slots, they give points on Saturday too

Stockpile: what, and for which day

- Trucks and missions are not stockpiled: pick UR. If not UR, upgrade to UR first and only then send
- **Not fighting?** Edge of another server's map: «hitting the bums» (emptied or abandoned cities with troops). Points are given for killing troops. Be careful and ready to return to your own server
- The shield drops on scout or attack. You can put it on again 20 minutes after the last attack or scout

Do not spend today

- Shields and teleports: use as needed

Daily goal: newcomers 3,620,000 points (8 chests), veterans 7,190,000 (9 chests). If you already have 9 chests and the clan is far ahead or far behind, do not spend everything: keep it for next time.

Tomorrow: Sunday, rest. Start stockpiling radar for Monday
